Free Flower Applique patterns

By Désirée Simpson

Use the patterns for needle turn or fusible appliqué. The dotted lines indicate that one piece lies beneath another.

The straight lines on the pattern can be drawn with fabric pens or embroidered by hand or machine.

The designs are made to be fitted on 4.5 inch blocks but you can enlarge them to suit yourself.

Combine with other blocks to make a small wallhanging, embellish bags, make a cushion cover or whatever else your imagination conjures.

Enjoy!
